## by Ed Diaz of **71:17 Ministries**

Ed is a graduate of the University of Pennsylvania and Dallas Theological Seminary. He was a co-founder of Walk Thru The Bible Ministries and has been teaching on the national scene for four decades. Currently, he is the Executive Director of 71:17 Ministries in Lakeland, Florida. Having travelled to Israel over 30 times, he brings a unique, Jewish flavor to all that he teaches.

**First, download the free [Revelation-Notebook!](#)**

### **Session Links and Descriptions:**

**Session 1 - Introduction to Revelation - Chapter 1** - In this first session, Ed Diaz introduces the study, lays down some rules for interpretation, and uses Revelation 1:19 to show the entire outline of the book. Since the Apostle John was exiled to Patmos, the question, "Why do bad things happen to good people?" is also addressed.

**Session 2 - Letters to 6 of 7 Churches - Chapter 2:1-3:13** - The apostle John's letters to six of the seven churches are analyzed. For each church, there is a meaning of its name, how Christ is described for them, and any specific commendations, condemnations, exhortations and/or promises offered by Christ. Special attention is given to what church type and church age each church represents in "future" church history. The Rapture (Departure of believers) is also discussed, drawing from I Thessalonians 4.

**Session 3 - The Letter to the Laodiceans - Chapter 3:13-22** - This church is the only one of the seven that received no commendation. Rather, it is condemned for lukewarmness, materialism, self-deception, spiritual poverty and spiritual blindness. This church foreshadows the age of apostasy apparent today. Ed Diaz gives scriptural reasons for modern apostasy and how to avoid it. The Rapture (Departure of believers) is again explained since the church is not mentioned after Revelation 3 until chapter 20.

5. This will open the YouTube webpage with that video session.
6. From that point, follow the same instructions given for **How to Watch the Video Session from Weekly Email** (see above) starting at **number 5**.
